CORPORATE DECK

About Us

HARTEK[®]
Making Your Future Powerful[™]

Leading India's EPC Revolution

Hartek Group has been transforming India's energy sector since 1991, leading the way in **EPC solutions** for **Power Systems, Renewable Energy, and Power Distribution Products**.

As a key player in India's renewable energy transition, we've connected over 10 GW of solar power to the grid, reducing 300 million tonnes of carbon emissions. With executed over 350 EHV & HV substations, 200 MWp of rooftop solar capacity installed, we offer turnkey solutions from site assessment to project commissioning, all while staying true to our purpose of **'Making your Future Powerful by Building a Brighter Today.'**

Our Purpose

HARTEK[®]
Making Your Future Powerful[™]

**Making Your Future Powerful
by Building a Brighter Today,**

**एक उज्ज्वल आज का निर्माण करके
अपने भविष्य को शक्तिशाली बनाएं।**

Our Values

HARTEK[®]
Making Your Future Powerful[™]

SAFETY

Ensure the physical, mental, and social well being of all HARTEK stakeholders.

INTEGRITY

Uphold highest standards of ethics, honesty, and transparency to foster trust and reliability.

OWNERSHIP

Be accountable, honour our commitments & consistently surpass customer expectations.

MUTUAL RESPECT

Embrace diversity, ensure equal opportunities for all, and collaborate as a team.

COLLABORATION

Partner with organisations that share our values and vision.

ADAPTABILITY

To adjust to the evolving work environment and technology.

**10 GW+ Solar
Connected to the Grid**

An aerial photograph of a vast solar farm during sunset. The rows of solar panels stretch far into the distance, creating a strong sense of perspective. The sky is a mix of orange, yellow, and light blue, with the sun low on the horizon. The panels in the foreground are a deep blue, while those further away appear more golden due to the lighting.

Partnering with Developers to meet Net Zero Goals

An aerial photograph of a large industrial facility with a flat roof. The roof is covered with numerous solar panels, arranged in long, parallel rows. The building is surrounded by a parking lot with several vehicles and some smaller structures. The background shows a mix of greenery and open land.

Excellence in Manufacturing

A photograph of a power control room or substation. The room is long and narrow, with rows of tall, light-colored electrical cabinets on both sides. The ceiling is high with exposed metal beams and several ceiling fans. The floor is a light-colored concrete. The lighting is bright, coming from overhead fixtures. The overall atmosphere is industrial and professional.

CSR in Action:

Hartek Foundation – Power to Serve

Established in 2021, **Hartek Foundation** is dedicated to uplifting underprivileged communities through **sustainable initiatives** in **education, healthcare, renewable energy, and livelihood opportunities**. Our mission is to bridge resource gaps and empower individuals and communities to achieve **self-sufficiency** and a better quality of life.

We take a proactive approach to addressing critical challenges faced by marginalized populations across India, including **poverty, health disparities, environmental conservation, and youth development**.

Believing in sustainable progress, we focus on building **community capacity and resilience** while promoting **social equity** and **environmental stewardship**. Through partnerships with development agencies, academic institutions, and local leaders, we implement evidence-based solutions to create a more **inclusive and sustainable future**.
