**CORPORATE DECK**

# ABOUT US

## **“Leading India’s EPC Revolution”**

**Hartek Group** has been transforming India’s energy sector since 1991, leading the way in **EPC solutions** for **Power Systems, Renewable Energy, and Power Distribution Products.**

As a key player in India’s renewable energy transition, we’ve connected over 10 GW of solar power to the grid, reducing 300 million tonnes of carbon emissions. With executed over 400+ EHV & HV substations, 200 MWp of rooftop solar capacity installed, we offer turnkey solutions from site assessment to project commissioning, all while staying true to our purpose of **‘Making your Future Powerful by Building a Brighter Today.’**

## Our Strategic Partner

# CSR IN ACTION:

## Hartek Foundation – Power to Serve

Established in 2021, **Hartek Foundation** is dedicated to uplifting underprivileged communities through **sustainable initiatives** in **education, healthcare, renewable energy, and livelihood opportunities**. Our mission is to bridge resource gaps and empower individuals and communities to achieve **self-sufficiency** and a better quality of life.

We take a proactive approach to addressing critical challenges faced by marginalized populations across India, including **poverty, health disparities, environmental conservation, and youth development**.

Believing in sustainable progress, we focus on building **community capacity and resilience** while promoting **social equity** and **environmental stewardship**. Through partnerships with development agencies, academic institutions, and local leaders, we implement evidence-based solutions to create a more **inclusive and sustainable future**.
